THEMBELANI NOFUMBA

DATA ANALYST

Eastern Cape, South Africa | +27 81 710 9889/ +27 71 766 6345 | thembelaninofumba@gmail.com | LinkedIn |
Portfolio - https://thembelaninofumba.github.io

PROFESSIONAL SUMMARY

Results-driven Data Analyst with proven experience at the Eastern Cape Department of Education, transforming complex datasets into strategic insights that support measurable improvements in educational planning and administration. Proficient across the full data pipeline, from collection and validation to visualization and executive reporting, with a track record of building scalable dashboards and designing end-to-end data systems. Collaborates effectively across directorates to embed a data-driven culture at scale, combining technical depth with clear communication to bridge the gap between data and decision-making.

CORE COMPETENCIES

Data & Analytics	Data Cleaning & Validation, Reporting & Visualization, Dashboard Development, Power BI, Looker Studio, Google Sheets, Excel, Google Apps Script
Databases & Systems	PostgreSQL, MySQL
Cloud & Platforms	Google Workspace, Microsoft Azure
Professional Skills	Stakeholder Engagement, Cross-Directorate Collaboration, Report Writing, Process Improvement, Problem-Solving
Programming Languages	Python, SQL, JavaScript, HTML, PhP

PROFESSIONAL EXPERIENCE

Data Analyst — Eastern Cape Department of Education 2024 – Present

eTeaching & Learning Directorate | East London, Eastern Cape

- Analysed school performance and infrastructure data across the province using Google Sheets, JavaScript, and Looker Studio, producing management dashboards that directly inform strategic decision-making at the directorate and executive level.
- Built a Progressive Web App (PWA) dashboard using Google Apps Script to deliver real-time, cross-device data visualization, reducing manual reporting effort and turnaround time.
- Designed documentation, workflow processes, and database schema for the ECDoE Partnerships Database, standardising how partnership data is captured and reported.
- Developed a department-wide submission tool and dashboard capturing quarterly and annual plans across all sections, with KPI indicators that flag at-risk items for early intervention.

KEY ACHIEVEMENTS

- Delivered multiple fully operational dashboards that replaced manual spreadsheet reporting across two directorates.
- First to implement a PWA-based data visualization tool within the department, setting a replicable template for future digital reporting initiatives.
- Built and rolled out a department-wide submission and KPI-tracking tool used across all sections to monitor quarterly and annual plan delivery.

EDUCATION & CERTIFICATIONS

- **Data Analytics & Paid Advertising, Digify Pro 3.0** — 2023
- **Certificate in Data-Led Decision Making** — Digify Africa Academy
- **National Senior Certificate** — Port Rex Technical High School
- **Data Science Certification** — in progress (2026)
